Two young boys were spending the night at their grandparents. At bedtime, the two boys knelt beside their beds to say their prayers when the youngest one began praying at the top of his lungs.

"I pray for a new bicycle, I pray for a new Nintendo, I pray for a new VCR

His older brother leaped over and nudged the younger brother and said, "Why are you shouting your prayers? God isn't deaf. " To which the little brother replied, "No, but Gramma is!

As a little girl climbed onto Santa's lap. Santa asked the usual question.

"And what would you like for Christmas?" The child stared at him open mouthed and horrified for a minute, then gasped:

"Didn't you get my E-mail?"

Deciding to eat healthier breakfasts, my brother-in-law declared that oatmeal would now be his cereal of choice. But after eating his first bowl, he told my sister, "I hope I develop a taste for this stuff. It goes down real rough."

"Well," she asked, "how long did you cook it?"

"You're supposed to cook it?" he said.

During a phone conversation, my nephew mentioned that he was taking a psychology course at a university. "Oh, great," I said, "Now you'll be analyzing everyone in the family."

"No, no," he replied. "I don't take abnormal psychology until next semester."

Funny thing about humility. Just when you think you've got it, you've lost it.

When a new perm turned out to be a disaster, I phoned my husband and issued a one-line warning: "Don't say anything about my hair." During dinner, we discussed the weather, his day at the office- anything but my hair. I began to feel uneasy. Finally, when we were washing dishes, he said in a serious tone, "You'd better go now. My wife will be here any moment, and she wouldn't like to find me with a strange woman."

A grandmother and a little girl whose face was sprinkled with bright red freckles spent the day at the zoo. The children were waiting in line to get their cheeks painted by a local artist who was decorating them with tiger paws. "You've got so many freckles, there's no place to paint" a boy in line cried. Embarrassed, the little girl dropped her head. Her grandmother knelt down next to her. "I love your freckles." She said. "When I was a little girl, I always wanted freckles—freckles are beautiful," as grandmother traced her finger across the child's cheek. The little girl looked up, "Really?" "Of course," said the grandmother, "Why, just name one thing that's prettier than freckles." The little girl peered into her grandmother's face and softly said, "Wrinkles."

Most of the Vitamin C in fruits is contained in the skin.

When a woman tries on clothing from her closet that feels tight, she will assume she has gained weight. When a man does the same, he will assume the clothing has shrunk.

A man called a motel and asked how much they charged for a room. The clerk told him that the rates depended on room size and number of people. "Do you take children?" the man asked. "No sir," replied the clerk "only cash and credit cards."

Hello, you are talking to a machine. I am capable of receiving messages. My owners do not need siding, windows, or a hot tub, and their carpets are clean. They give to charity through their office and they do not need their picture taken. If you're still with me, leave your name and number and they will get back to you.

Bill had been away from home on a business trip for 2 weeks. He went into a restaurant, and when the waitress came for his order, he said, "Bring me 2 slices of burnt toast, a cup of cold coffee, then sit down and nag me. I'm just plain lonesome."

A wife and a husband both talked in their sleep. She loved auctions and he loved golf. The other night, as they slept, the golfer yelled, "Fore!" His wife yelled back, "Four fifty!"

"The only thing worse than a rebellious teenager are those who don't rebel and refuse to leave home."

Dumb and Dumber took a truck-driving test. The first question they were asked by the examiner was, "What would you do if you were going down a hill and the brakes failed? Thinking long and hard, Dumb finally blurted out, "Well bein' as how Dumber here would be takin' a nap, The first thing I'd do is wake him up."

"Why would you do that?" said the examiner.

"Cause Dumber ain't never seen a bad wreck before," Dumb replied.

Did you hear about the silly man who drove his truck off the cliff? He wanted to test his new air brakes

**The Trouble Tree**

I hired a carpenter to help me restore an old farmhouse, and he had just finished a rough first day. A flat tire made him lose an hour of work, his electric saw quit, and now his pickup truck refused to start. So I drove him home, and he invited me in to meet his family. As we walked toward the front door, he paused briefly at a small tree, touching tips of the branches with both hands. When opening the door, he underwent an amazing transformation. His tanned face was wreathed in smiles and he hugged his two small children and gave his wife a kiss. Afterwards he walked me to the car. We passed the tree, and I asked him about what I had seen him do earlier. "Oh, that's my trouble tree," I know I can't help having troubles on the job, But one thing's for sure, troubles don't belong in the house with my wife and children, so I just hang them up on the tree every night when I come home and pick them up again when I come out. But there's never as many as I remember hanging up the night before."

## Bright Idea

- I started out with nothing I still have most of it.
- When did my wild oats turn to prunes and All Bran?
- I finally got my head together, now my body is falling apart.
- Funny, I don't remember being absent minded
- It was all so different before everything changed
- All reports are in. Life is now officially unfair.

I stopped at a fast food restaurant recently and was fascinated by a sign which offered “fat free” french fries I decided to give them a try. I was dismayed when the cook pulled a basket of fries from the fryer, which was dripping with fat. He filled a bag with those fries and put them in my order.

“Just a minute!” I said,  
“Those aren't fat free!”  
“Yes they are. We only charge for the potatoes.... The fat is free.”

### Progress

Progress means just when we can afford something, they make a new and better one that we can't.

The old believe everything, the middle aged suspect everything, the young know everything.

If things keep getting better with time, how come so many people remember, “**The Good Old Days?**”

A little old man was escorted into the witness box. After being sworn in, the lawyer asked him to explain what happened. After a lengthy discussion of the events leading up to the incident, he finally got around to the meat of the case.

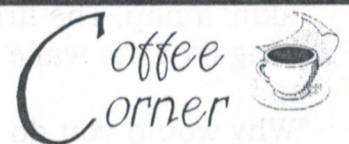

“...and then she hit me with a maple leaf.”

“Surely that couldn't have caused you any serious injury?” said the lawyer.  
“Are you kidding?” exclaimed the old man. “It was the leaf from the center of our dining room table.”

“Mommy has no idea how to raise children,” said the child to his dad.

“How can you say such a thing?” replied the father.  
“Well, mommy always sends me to bed at night when I'm not sleepy, and wakes me up in the morning when I am.”

“Patience is the ability to let your light shine after your fuse has blown.”
